

"Promoting and supporting the practice, research and dissemination of behavior analysis throughout the Commonwealth of Virginia."

P.O. Box 27692 Richmond, VA 23261

Behavior Analysis Lobby Day 2022!

Who Are We?

Behavior analysts have specialized academic and practical training that allows us to practice, study and research the science of behavior. In addition, we use our knowledge and experience to understand behavior and help people, animals, and organizations.

In Virginia, since 2012, behavior analysts who are board-certified and practice in healthcare are to be licensed by the Virginia Board of Medicine.

We are the go-to experts on the science of behavior!

2022 Bills We Support that Directly Affect Us

HB751 (Bell) - this bill specifically adds those who practice behavior analysis to the list of mandated reporters

HJ151 (Taylor) - this resolution would designate the week of March 20 each year as Behavior Analysis Week in Virginia, as a part of a world-wide celebration.

Budget Items 304 #25h (Fariss), #26h (Willett), #27h (Adams, D), #47s (Hanger) - these budget items would continue the 12.5% rate increase for home and community-based behavioral health services including Therapeutic Consultation and ABA provided to Medicaid recipients.
